Convexarchitecten (1947) is een full service architectenbureau gevestigd in Rotterdam.

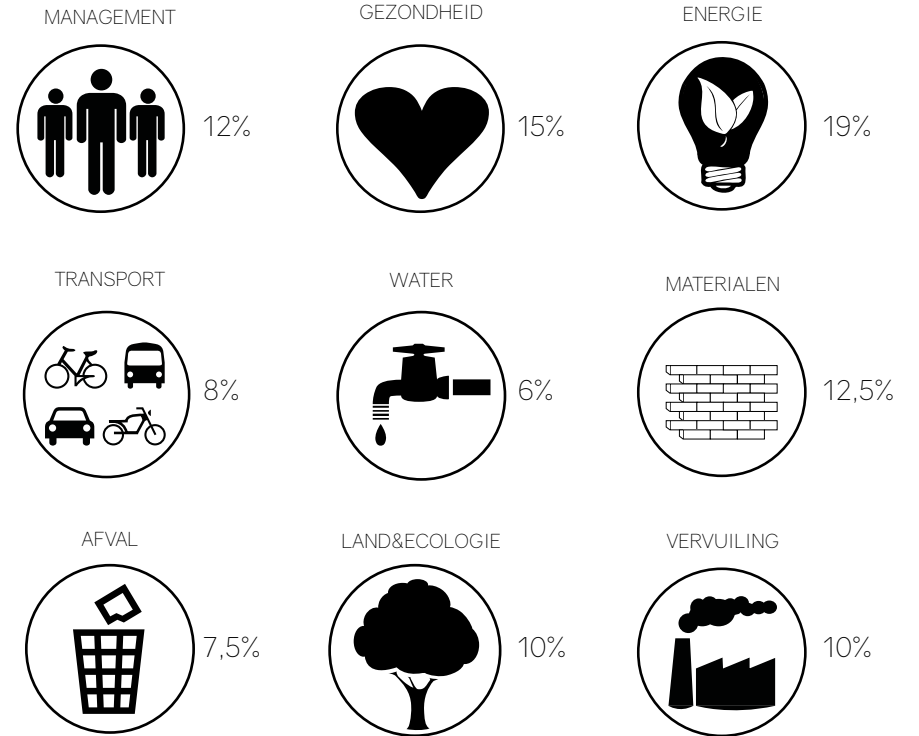

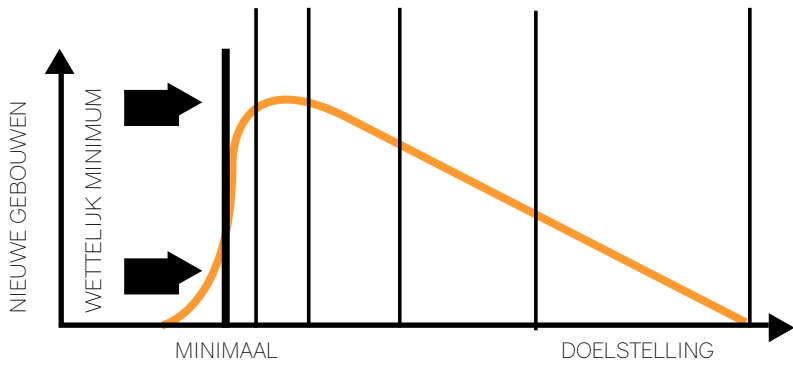

Wij bedienen nationale en internationale opdrachtgevers binnen uiteenlopende disciplines; van architectuur, stedenbouw en woningen tot bedrijfsbebouwing en interieurontwerpen.

Centraal in ons werk staat u als opdrachtgever. Pragmatisch en doelgericht gaan wij voor u aan het werk. We zijn gewend om binnen strakke budgetten en tijdsplanningen te werken. Onze ruime ervaring stelt ons in staat voor elk vraagstuk een realistische oplossing aan te dragen.

De expertise van Convexarchitecten in bedrijfshuisvesting vertaald zich in efficiënte en duurzame oplossingen, scherp geprijsde gebouwen met soepel verlopende snelle doorlooptijden en een optimalisatie van het bedrijfsproces door de huisvesting.
